

# Basic information

Dopravný podnik mesta Žiliny s.r.o. (DPMŽ - transport operator) provides transport 24 hours a day, 7 days a week on the city transport lines in Žilina. There are 19 day routes (divided between 8 trolleybus routes and 10 bus routes) and 1 night route.

This guide provides you with all important information on travelling by Žilina public transportation.

## Planning your journey

For planning your journey, please check the website [www.dpmz.sk](http://www.dpmz.sk), where you can find travel timetables, a journey planner as well as up-to-date information on changes in public transportation.

## Tickets

For travelling by city transport routes, **the tariffs are based on zones**. Tickets for one zone are valid for a journey of up to 5 consecutive stops by one connection (excluding the stop when you get on the bus). Travel tickets for two zones are valid for an unlimited length of journey by one connection.

**If you rarely travel**, single (either non-transfer or transfer) tickets are most suitable for you. Conditions for the transfer tickets: only one transfer/change is allowed, being executed within 30 minutes from the first ticket validation, and both journeys have to be validated on the ticket. If you travel with hand luggage, you can save money by using combined tickets.

**If you travel often**, you can save money by using prepaid tickets. For travelling at night (11:00 P.M. - 5:00 A.M.), there is a night tariff. During this period, no fare reductions of paper tickets are valid. Prepaid tickets can be used for night travelling. **Tickets are sold at a number of locations (ticket machines at bus stops, contracted vendors and DPMŽ ticket offices)**. If you do not buy a ticket prior to getting on the bus, you can buy a two-zone non-transfer ticket from the driver for an extra charge.

## Getting on and off the bus

Operating Hours (5:00 A.M. - 11:00 P.M.), getting on and off the bus is allowed by all doors. If you have a children pram or a wheelchair, you can get on by the door marked by the respective sign (usually the second or third door). To get off with the pram or wheelchair, notify the driver by pushing the button located next to the door twice.

At night (11:00 P.M. - 5:00 A.M.), getting on the bus is allowed by the front door only.

## Ticket Validation

**After entering the bus, do not forget to immediately validate your ticket using the validator next to the door.** Passengers with prepaid travel tickets are also required to validate their tickets. Upon entry, tourist tickets shall be validated. Next to each bus door, there are one or two validators. Most of them can be used for validating both single journey and prepaid tickets, however, some validators may only be used for validating single journey tickets.

**To validate the single journey paper ticket**, please insert the ticket into the slot in the direction of the arrow and hold it there for a few seconds. On the validator display, you will see red lights and the ticket will be validated with relevant data. **Prepaid tickets** can be validated by placing the chip card next to the validator at the designated place. After the chip card has been validated, red lights appear there and the validator beeps. If you hold the chip card for a longer period of time, you can check the number of remaining journeys and the validity of your card. The validator will beep three times if the card was not validated successfully.

 According to Slovak Act on the protection of non-smokers (No. 87/2009) it is forbidden to smoke in all buses and in the area of bus stops and shelters as well as in the distance of up to four meters from the designated platform.

 In the front part of each bus, there are several seats reserved for disabled people. **Please leave those seats available for them to have an enjoyable ride.**
